Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution generally expected across the UK on Wednesday, perhaps seeing some isolated pockets of Moderate pollution near urban centres.

Tomorrow: Levels of air pollution are forecast to remain Low across the UK on Thursday, with outbreaks of showery rain across southern and central areas helping maintain Low levels across southern and central areas.

Outlook: Changeable, often unsettled conditions across the country helping to keep levels of air pollution Low across the UK through the outlook period.
